

# SYSTEM V

## FULL-FEATURED CRITICAL PROTECTION

For high-volume shops that service OEM cars, SUV's, and light to medium truck applications, the John Bean® System V is a great addition to your workflow.

The pneumatically locking tilt-tower configuration easily moves out of the way to ergonomically allow placement of small to large wheels.

Once the tire is on the turntable, the self-adjusting four-jaw clamp secures the wheel clamps with power from twin cylinders.

Comprehensive pneumatic bead assist comes standard and provides an additional suite of features that make changing ultra-high performance and run-flat tires a snap.

Traditional design, with modern productivity-boosting features, makes the System V a great addition to your shop.

## TILT-TOWER TIRE CHANGER

### TILT-TOWER

The pneumatic Tilt-Tower post provides maximum clearance for installing the tire on the turntable.

### ON-FLOOR BEAD BREAKER (PEDAL-OPERATED)

Traditional side-shovel bead breaker with ergonomic pedal-control positioned away from the shovel; the fastest solution for standard, soft sidewall, and high-aspect tires.

### PNEUMATIC BEAD ASSIST

Our three-piece Pneumatic Bead Assist features a top roller, pressing foot, and lifting disk, to make it simple for a single technician to mount and demount low-profile and high-performance tires.

### ADJUSTABLE CLAMPING JAWS

Self-centering nylon-covered clamping jaws protect the wheel and provide a secure grip.

*WHEN GOOD ENOUGH ISN'T ENOUGH, JB.*

# SYSTEM V

## PNEUMATIC VERTICAL ARM

Fast and ergonomic, the pneumatic vertical arm facilitates positioning of the mounting head on all wheels.

## TABLETOP BEAD SEATER

A direct burst of compressed air comes through the clamping jaws to facilitate bead seating.

## TOOL BOX WITH INTEGRATED AIR PRESSURE GAUGE

The tool box provides a fixed storage area with four convenient shelves for tools, valves, and accessories, with an integrated air pressure gauge.

## TECHNICAL SPECIFICATIONS

Max Rim Diameter	26"   66cm
Max Tire Width	17"   43cm
Max Wheel Diameter	47"   119cm
Power Supply	115V 1ph 60Hz 12A
Air Pressure Required	116-174 PSI   8-12 bar
Dimensions HxWxD	58"x65"x90"   147x165x229cm

## STANDARD ACCESSORIES

- Wave Plus Tire Lever
- Plastic Rim Protector
- Bead Breaker Blade Protector
- Lube Bucket
- Lube Brush
