SOLUTION D'ÉTALONNAGE ADAS TOUT-EN-UN TRU-POINT

Tru-Point™ est la solution tout-en-un pour tous vos besoins en matière d'étalonnage ADAS.

Grâce à une technologie de caméra de pointe, des cibles faciles à placer et un logiciel avancé, Tru-Point™ vérifie rapidement les problèmes de géométrie liés à l'ADAS afin que vos techniciens puissent effectuer facilement un étalonnage ADAS précis. La technologie avancée de Tru-Point™ élimine le besoin d'un sol parfaitement plat et supprime les approximations liées aux mesures manuelles, permettant ainsi aux techniciens de placer facilement et avec précision les cibles ADAS.
