## FULL HEIGHT SCISSOR LIFT

Benefit from added safety and stability between platforms while servicing your customers' vehicles on the John Bean JBSL 3000 scissor lift.

The JBSL 3000 is a double scissor (full height) short sill lift designed for surface-mounted installation.

It is capable of lifting vehicles up to a weight of 3000KG, a four hydraulic ram system provides added safety and stability between platforms, and pneumatic safety locks also bring further support.

## FULL HEIGHT SCISSOR LIFT

### FEATURES

- Single button descent operation: The easy operations make your job quicker
- Advanced safety and audible safety alert: The pneumatic safety locking provides a fail safe system with an audible safety alert on descent
- Lift blocks: Four lifting blocks are included to protect the vehicle during jobs
- Extendable platform: Work on longer vehicles by extending and locking the platform
