

JBSL 33

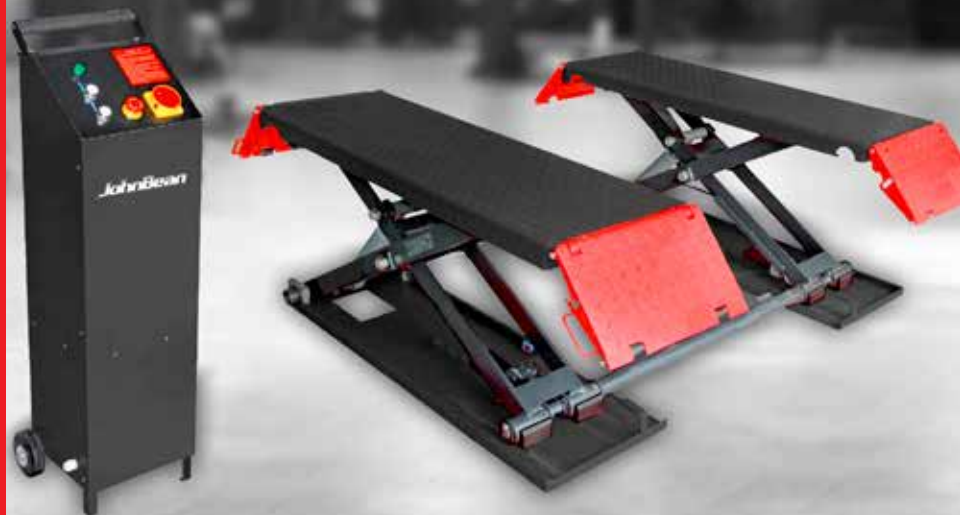

MID-RISE SCISSOR LIFT

Position the John Bean JBSL 33 scissor lift anywhere in your workshop, any time you need to, with its small size and portability.

The JBSL 33 is a 3000KG electro-hydraulic mid-rise scissor lift, designed for use predominantly within tyre shops and small garages to lift cars and light commercial vehicles.

The small footprint and freedom to move it around as required this lift a great investment for any busy garage.

It is ideal for general garages and multi-bay repair centres, along with independent garages and workshops.

Be **PRECISE**

MID-RISE SCISSOR LIFT

FEATURES

- Mobility kit: Have the flexibility to move your lift around the workshop
- Advanced safety: The pneumatic safety locking provides a failsafe system
- Lift blocks: Four lifting blocks are included to protect the vehicle during jobs
- Extendable platform: Work on longer vehicles by extending and locking the platform

WHEN GOOD ENOUGH ISN'T ENOUGH, JB.
